Ms. Marian Kelly

Dear Marian:

I feel like I know you now. You were wonderful at our fundraising event! Everyone enjoyed your performance, especially my husband. As a former college English professor, he thought your references were really funny and right on. He's been repeating some of your jokes to everyone.

I know this was the second time you performed for us, and I'm wondering how soon we can ask you back. The other comedian we hired in between your appearances was funny, but not of the same caliber as you. How you can be so funny without resorting to less tasteful jokes is amazing.

Thanks again for all the additional preparation you did with making your jokes specific to our audience. I'm looking forward to hearing you again.

Sincerely,

Sandie Morgan
Administrator
