Dear Ms. Kelly,

Marian

Thank you for presenting at the KDOT Human Resources Conference. Although we have had some entertaining keynote presenters in the past few years, the stand up comedy combined with the more serious subject of stress management was a departure from our "normal" keynote presentations. Overall, I believe it was well received. Of the nearly half (38) of the participants who turned in feedback sheets, fifteen of them mentioned your presentation as one of the highlights of the conference.

Again, thank you for providing a presentation that was both entertaining and informative.

Sincerely,

Nancy Fleeker Daniels
